MEMORANDUM FOR: The Director

SUBJECT : External Research

STAT
STAT
Attached is a thoughtful memorandum from [] on the matter of external research and, particularly, the utility of spending taxpayers' money thereon. It was written for me but is a piece I believe you -- when convenient -- might read with profit. [] has had considerable experience in this area and brings to her observations the fresh perspective of one who has seen the problems involved from a vantage point outside the Agency.

George A. Carver, Jr.
Deputy for National Intelligence Officers
